SUMMARY

.NET Backend Developer with 2+ years of experience in building scalable applications, AI-powered systems, and fintech integrations using ASP.NET Core and Web API. Skilled in Azure AI, payment gateways, and APIs like Plaid, Microsoft Graph, and WhatsApp automation.

TECHNICAL SKILLS

- **Languages** : C#, JavaScript, SQL
- **Frontend** : HTML, CSS, Bootstrap, jQuery
- **Backend** : ASP.NET MVC, ASP.NET Core MVC, Web API
- **ORM & Data Access** : Entity Framework Core, Dapper, ADO.NET
- **Authentication & Security** : JWT Authentication, Role-Based Access Control (RBAC)
- **Databases** : SQL Server, MySQL, Stored Procedures
- **APIs & Integrations** : REST APIs, Microsoft Graph API, Plaid API, OpenAI API
- **Cloud & Hosting** : Azure Functions, Azure AI Document Intelligence, Render, Netlify, Supabase
- **Tools** : Visual Studio, Swagger, SSMS, Postman, Git

WORK EXPERIENCE

Sanmol Software Solutions

Pune , India

API Developer

Jun 2025 - Present

- Developed AI-powered document processing systems using Azure Document Intelligence with custom-trained models for invoices and BOL extraction
- Integrated multiple third-party APIs including Plaid (banking), Microsoft Graph (Office 365), and WhatsApp Business API for automation workflows
- Built AI chatbot solutions using Azure OpenAI for resume analysis, interview preparation, and user assistance
- Implemented secure payment gateway integrations (Cybersource, PlugNPay) with dynamic routing and transaction handling
- Built AI chatbot solutions using Azure OpenAI for resume analysis, interview preparation, and user assistance
- Worked across full stack including database design, backend APIs, and frontend integration

Micro Data Care

Pune , India

Junior Software Developer

Feb 2024 - May 2025

- Developed and maintained web applications using ASP.NET MVC and jQuery
- Built CRUD-based systems and dashboards with improved UI responsiveness using Bootstrap
- Designed and optimized SQL Server queries and stored procedures for performance
- Implemented REST APIs with JWT-based authentication for secure communication

PROJECTS

Cayman Jobs Portal

- AI-powered job platform with resume analysis, chatbot assistance, and subscription-based payments

AI Document Processing System

- Custom Azure AI solution for extracting structured data from invoices and BOL documents

Vehicle Management System (VMS)

- Built loading/unloading workflows and analytics dashboards for operational tracking

Auto Rental System

- Implemented dynamic payment link generation with multi-gateway support (Cybersource, PlugNPay)

EDUCATION

B.Pharm | J.S.P.M. College of Pharmacy, Pune University | July 2020 | CGPA: 8.7
